## OVERVIEW

The diploma adopts a comprehensive educational approach that combines self-paced e-learning with interactive in-person training, enabling participants to acquire specialized knowledge and apply it in an environment that reflects real-world asset and investment management practices. The methodology emphasizes experiential learning through case studies drawn from local and international markets, investment committee simulations, negotiation exercises, and group activities designed to enhance analytical and investment decision-making skills. Each module also features practical sessions led by experts and industry practitioners from the Saudi capital market, connecting global concepts and best practices with local investment challenges and opportunities. The diploma concludes with a comprehensive capstone project in which participants construct an investment portfolio for a Saudi institutional client and present it to a specialized assessment panel, reinforcing the practical application of the knowledge and skills acquired throughout the program.

## Program Objectives

- Analyze the needs of institutional and individual clients, develop investment policies, and determine strategic asset allocation while considering financial liabilities and behavioral factors.
- Apply relevant laws, regulations, ethical standards, and Sharia requirements in asset management to strengthen regulatory compliance and sound professional practices.
- Equity Portfolio and Investment Management
- Construct and manage domestic and global equity portfolios, integrate sustainability considerations, and enhance trading efficiency and investment execution.
- Manage sukuk, bond, and money market portfolios, and utilize derivatives for hedging and managing market and currency risks.
- Analyze and evaluate investment opportunities in private equity, private credit, real assets, and alternative investments, including Sharia-compliant structures.
- Evaluate investment manager selection approaches, construct diversified investment portfolios, design investment products that account for the impact of Zakat and tax on net returns, and safely leverage artificial intelligence tools to support investment decision-making.

## Learning Outcomes

- Investment Opportunity Analysis and Asset Valuation
- Investment Policy and Strategy Development
- Investment Portfolio and Fund Construction and Management
- Investment Product and Service Development
- Investment, Risk Management and Hedging
- Alternative Investment Analysis and Evaluation

## About the Financial Academy

### Excellent Work Groups

Training at the Financial Academy gives you the opportunity to join and interact with carefully selected groups of peers who work at different organizations and job levels. This pool of diverse perspectives will enrich your learning experience and expand your professional network within the financial sector.

### An Optimal, Have-It-All Learning Environment

The Academy's facilities provide a unique learning environment with high-quality training rooms equipped with cutting-edge technology, spacious shared lounges, dining facilities, and a variety of other amenities. Prayer rooms for both men and women are also available.

### Easy-to-Reach Offices

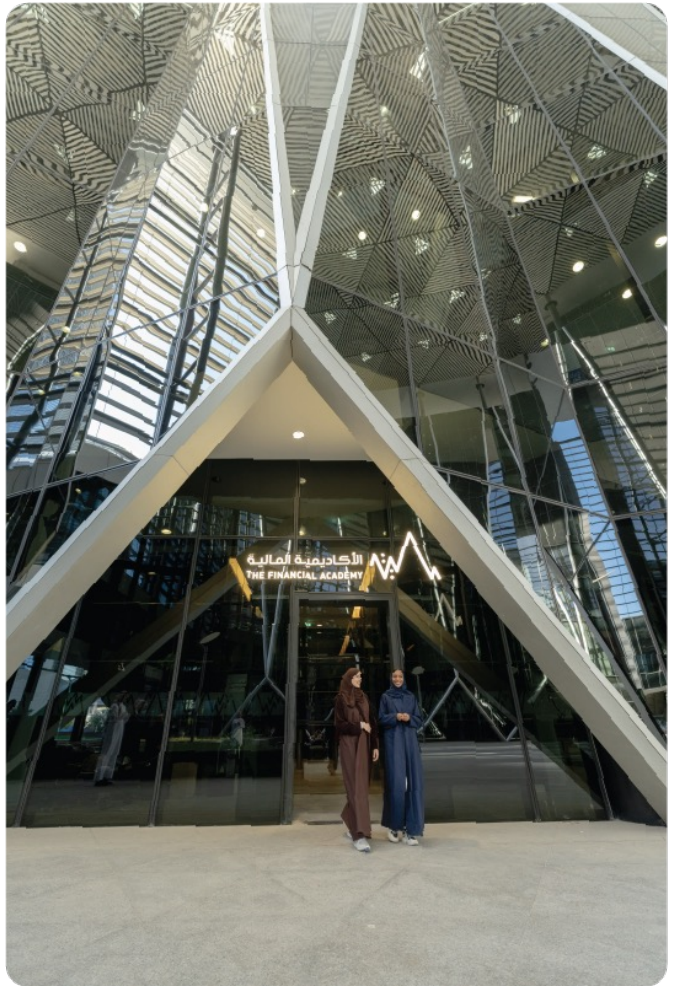

The Financial Academy is easily accessible, being directly connected to King Abdullah Financial District (KAFD) Metro Station via a pedestrian bridge. It is alternatively easy to reach using ride-hailing apps or private cars: Once you get to KAFD, head to Building No. 2.07 through Area 2.

### At the Heart of KAFD

Located in KAFD, where many financial sector organizations are based, the Financial Academy enjoys a unique and strategic location. In addition, the area is known as a business and entertainment hub with many cafés and restaurants, making the learning experience more enjoyable thanks to its vibrant surroundings.

## Connecting and Learning

Though it comes from within, transformation often requires a catalyst. And for many business leaders, the Financial Academy (FA) professional training programs and development activities have been that catalyst. Here, you're fully immersed in a transformational living-learning experience, networking with gurus from around the world, and engaging in programs led by prominent local and international financial industry experts . It's a holistic experience that will enrich and develop your career - and your life.

### ADMISSIONS

We admit candidates to specific sessions on a rolling space available basis, and encourage you to apply as early as possible. Although most programs have no formal educational requirements, admission is a selective process based on your professional achievement and organizational responsibilities.
