- Mike Gale

The Next CEO

In today's dynamic and competitive business landscape, leadership excellence and strategic thinking are paramount for senior executives. This training program has been meticulously designed to empower CEOs and top-level executives with the knowledge, skills, and insights necessary to navigate the complexities of modern leadership successfully.

Target Competencies

- Leadership: Developing the ability to make strategic decisions that balance performance with long-term direction.
- Strategic Planning: Acquiring skills to design and implement effective strategies to improve organizational performance.
- Effective Decision-Making: Enhancing the ability to make quick and effective decisions in complex work environments.

Target Audience

Senior executives, company directors, and senior directors seeking to understand prominent trends in organizational leadership for achieving sustainable success.

Learning Outcomes

- Elevated leadership skills to inspire teams, lead with purpose, and drive organizational success in a rapidly evolving business environment.
- The ability to think strategically, identify growth opportunities, and formulate effective strategies to lead organization to new heights.
- advanced decision-making skills, including recognizing and mitigating cognitive biases, and employ analytical frameworks to make well-informed decisions under uncertainty
- Acquire financial acumen, understanding key financial statements, ratios, and decision-making processes, which can be instrumental in resource allocation and achieving financial objectives.

About University of Bath school of Management

Excellent Work Groups

Training at the University of Bath offers the chance to join carefully-selected workgroups made up of peers from various organizations and job levels. This diversity enriches your learning experience, as it exposes you to a wide range of perspectives, ideas, and professional practices. Collaborating with individuals from different backgrounds and industries fosters deeper insights, broadens your understanding of complex issues, and enhances your problem-solving skills.

An Optimal, Have-It-All Learning Environment

The University of Bath offers an optimal learning environment with world-class facilities, cutting-edge research, and a vibrant campus community. Students enjoy a balanced mix of rigorous coursework, hands-on opportunities, and personalized support. This holistic approach ensures academic and personal growth, preparing students for diverse career opportunities.

Easy-to-Reach Offices

The University of Bath is easily accessible, with excellent transport links connecting it to the city center and beyond. It is well-served by local bus routes and is a short distance from Bath Spa Railway Station. Ride-hailing services and private cars also provide convenient access. Once on campus, clear signage ensures a straightforward route to the main academic buildings and facilities.

At the Heart of Bath

The University of Bath's location is both strategic and advantageous, situated in a city renowned for its academic heritage and cultural significance. The campus is surrounded by a dynamic environment, with easy access to historical landmarks, local businesses, and vibrant social spaces. Bath's blend of academic institutions, professional networks, and leisure amenities creates an enriching atmosphere, enhancing the overall learning experience.

Connecting and Learning.

Though it comes from within, transformation often requires a catalyst. And for many business leaders, the Financial Academy (FA) professional training programs and development activities have been that catalyst. Here, you're fully immersed in a transformational living-learning experience, networking with gurus from around the world, and engaging in programs led by prominent local and international financial industry experts . It's a holistic experience that will enrich and develop your career - and your life.

ADMISSIONS

We admit candidates to specific sessions on a rolling space available basis, and encourage you to apply as early as possible. Although most programs have no formal educational requirements, admission is a selective process based on your professional achievement and organizational responsibilities.
